

24th July 2020

Transport Changes

Do you or your loved one receive transport invoices from Windarring for:

- Transport to and from Windarring
- Transport for regular activities during Day Programs (swimming as an example)
- Transport for special activities/events that occur through the year
- Transport to access the community, from your home, with a Windarring Support Worker

Recent changes from the NDIS mean that these transport charges can now be claimed directly from your NDIS Core Funding.

If you are interested in having this type of fee claimed from your NDIS plan please contact Intake at Windarring.
